

PRICE GUIDE

January 1, 2017

rave fabricare
master cleaners

*extraordinary care
for fine garments,
household textiles
and accessories*

- ▶ The prices listed in column one of the Sample Price List (below) are the **minimum prices** for some common types of garments, household textiles and accessories.
- ▶ The minimum prices for garments and household textiles **are then adjusted** to reflect factors such as luxury fabrics, unusual combinations of fabrics, trims and embellishments (beads, sequins, leather, suede, etc.), light colors (primarily whites and creams), lining, pleats, ruffles, knit blocking, removal and replacement of hardware and buttons, odor remediation, heavy or unusual soiling, multiple cleaning processes, etc.

In other words, it's likely that the actual charge will be **slightly to substantially higher than the minimum prices** listed in column one. For this reason, we list the average prices in column two of the Sample Price List.

- ▶ We welcome your calls or emails to discuss any garment, household textile or accessory. If, during the course of these discussions, any reference is made to price, please understand that we still need to **physically examine the article before we can provide a firm quotation.**

This examination enables us to assess the labor time and technical skill required and, as a result, calculate a price for the service to be rendered.

After we physically examine the garment, household textile or accessory, we can provide you with a price quotation or, at the very least, a price range and/or a not-to-exceed price.

Please note that we will only honor a price quotation if that quotation is **in writing** and **was issued by an authorized** RAVE FabriCARE representative.

- ▶ Ordinary cleaners sell "cleaning and pressing". RAVE FabriCARE delivers technically skilled garment, household textile and accessory care. It's the difference between Wonder Bread and artisan breads.

In many cases, the critical factor in restoring a garment, household textile or accessory to as close to original condition as possible is **time.**

Unlike ordinary cleaners, who are committed to one or two day service and 2 or 3 day pick up and delivery service, **we take the time to do it right.**

With this in mind, please understand that any time frame required to complete the work is **only an estimate.**

In the **unlikely** event that the original estimated completion date is exceeded because the restoration **required more time** than was originally guesstimated, no price adjustments will be made because the original estimated completion date was exceeded – whether by an hour, by a day, by a week or even by a month.

We trust that you'll understand that, after almost 30 years in the garment, household textile and accessory care business, we have seen and heard everything. These specific guidelines are designed to eliminate any misunderstandings.

Dry Cleaning	MINIMUM PRICE	AVERAGE PRICE
Suit (2 piece) – off the rack	\$40.00	\$55.00
